

ET30 Thermostatic Heads

The Drayton ET30 range of thermostatic heads are suitable for use with the Drayton EB body range and most other bodies with the standard M30 x 1.5 connection, including compact radiators with inserts. This popular European model can be supplied specifically branded for OEM customers.

ET30 thermostatic heads

ET30 are manufactured in our ISO 9001 certified UK factory and are rigorously tested to conform to EN215, the CEN standard for radiator thermostats that is accepted across Europe.

Features

- M30 x 1.5 universal type head to body Connection
- Range limiting feature
- OFF position
- Liquid fill sensor
- 2m and 5m remote sensing heads
- 2m and 6m remote setting kits
- Thief locks available
- OEM branding available

Products in range

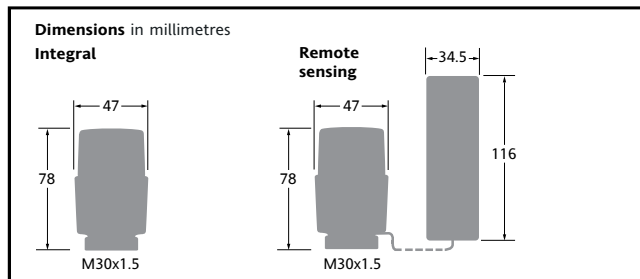

Product	Part no.
ET30 Integral Head	*
ET30 2m remote	*
ET30 5m remote	*
ETF2 remote setting kit - 2m capillary	07 55 002
ETF6 remote setting kit - 6m capillary	07 55 006
ETD1 thief lock ½ cover x6 (no ETD screwdriver)	07 35 301
ETD2 thief lock full cover x6 (with ETD screwdriver)	07 35 302
ETD2 thief lock full cover x6 (no ETD screwdriver)	07 35 302E
ETD screwdriver	07 35 054

* Head part numbers are allocated specifically for each customer at time of order.

Technical Data

Maximum Sensor Temperature	50°C	
Temperature setting range	0 = Shut off position. Valve open at approx. 0°C * Frost protection = Below 8°C 1 to 5 = approx. 11°C to 27°C	
Sensitivity	0.22mm/°C	
Maximum closing force	70N	
Head material	ABS	
Hysteresis	Integral sensor 0.35 K	Remote sensor 0.35 K
Water temperature influence	Integral sensor 1 K	Remote sensor 0.25 K
Differential pressure influence	Integral sensor 0.15 K	Remote sensor 0.10 K
Response time	Integral sensor 25 minutes	Remote sensor 20 minutes

Note: Technical data refers to Drayton head and valve body combinations
